

DHANNARAM AKHIL

Hyderabad, Telangana, India | +91 9030957018 | dannaramakhil222@gmail.com

PROFESSIONAL SUMMARY

Motivated and enthusiastic B.Tech 2nd Year Computer Science Engineering student specializing in Artificial Intelligence & Machine Learning. Possesses a strong technical foundation in Python, Java, C, Data Structures & Algorithms, DBMS, and Web Technologies. Passionate about AI/ML concepts and practical problem-solving. Seeking an internship opportunity to apply learned skills, gain hands-on industry experience, and actively contribute to real-world development projects.

EDUCATION

Bachelor of Technology (B.Tech) – CSE (AI & ML) <i>Currently Pursuing – 2nd Year</i>	Present
Intermediate (MPC) <i>SR Junior College Score: 720 Marks</i>	2022 – 2024
Secondary School (10th) <i>Krishnaveni Talent School CGPA: 9.2</i>	2022

TECHNICAL SKILLS

Programming:	Python, Java, C, JavaScript
AI/ML:	Machine Learning Fundamentals, Artificial Intelligence Basics, NumPy (Learning), Pandas (Learning)
Core Subjects:	Data Structures & Algorithms (DSA), Database Management Systems (DBMS)
Database:	SQL, MySQL
Web Technologies:	HTML, CSS, JavaScript
Tools & IDEs:	Git (Basic), VS Code, IntelliJ IDEA, Eclipse, Jupyter Notebook

PROJECTS

- **Music Player Application** | <https://akhil-music-player.vercel.app/>
A fully functional, responsive web-based music application designed using HTML, CSS, and modern JavaScript features to provide smooth audio controls and clean layout.
- **Image Gallery Application** | <https://akhil-image-gallery.vercel.app/>
An interactive visual layout platform featuring grid arrangements, responsive scaling, and customized styles utilizing web design techniques.

- **Calculator Application** | <https://akhil-calculator.vercel.app/>

A web-based mathematical computation tool leveraging robust JavaScript logic for accurate mathematical operational execution and clean design styling.

- **Academic Mini Projects**

Developed various console programs in Java implementing foundational Object-Oriented Programming (OOP) concepts and solved practical Data Structures & Algorithms problems using Java and Python.

SOFT SKILLS

Problem Solving • Analytical Thinking • Quick Learning • Team Collaboration • Effective Communication • Adaptability • Time Management

CERTIFICATIONS & ONGOING LEARNING

- Deepening knowledge in Artificial Intelligence & Machine Learning core paradigms
- Consistent practicing of advanced Data Structures & Algorithms (DSA) problem solving
- Exploring advanced Python libraries for AI, Data Analysis, and model building
- Mastering Git workflow paradigms for enhanced industry standard Version Control

I hereby declare that the above information is true and correct to the best of my knowledge.
